Ok - if you want to talk before hand, let me know.

FYI - we were told that EPA purchased video conferencing equipment for the states and PADEP got one - below is the contact for DEP.....

Thanks Ron - I don't think I will be able to round up the troops for such a premeeting. I also don't think DEP has video conferencing

capabilities any more.

I can set up a call in nuber if that would be helpful.

Scott: the meeting is at 10am - Don't see a problem w/calling in - Do you want to try to set up a video conference instead? We will let Cabot know that PADEP may be doing meeting remotely - if they bring materials maybe they can provide you them separately.

Do you still want to do a pre-meeting? If so we need to schedule for next week. Let me know
